Size	Ø50 x 710mm
Finish	102 - matt chrome   RKL486
	1103 - silver powder coat   RKL487

# Fixing Hardware

FOR LEG AND BRACKET

In order to fasten the top plates to tables, it is advised to use, either a M6 x 15mm or M8 x 15mm bolt, and the correct length rubber nuts, be used according to your top thickness.

## Bolt for Legs

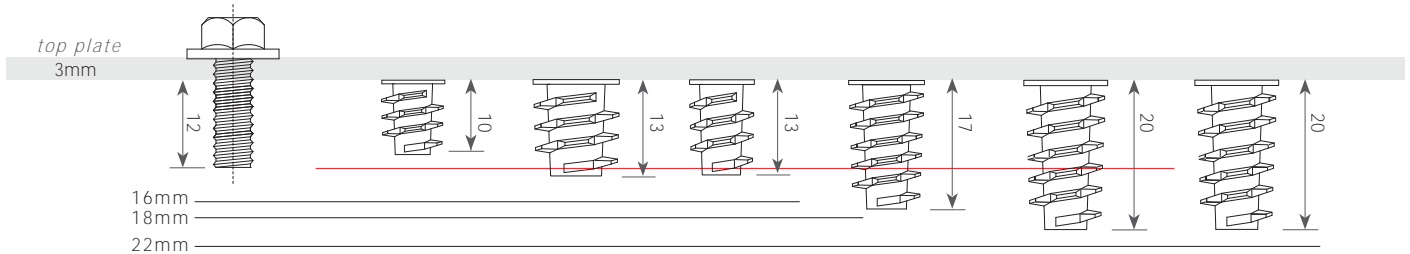

M8 x 15mm RIH1836  
M6 x 15mm RIH1835

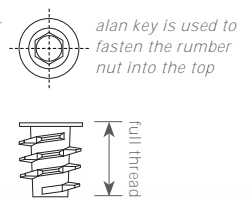

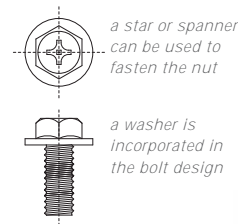

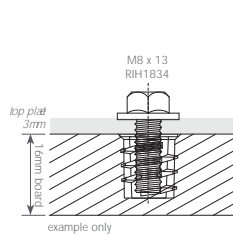

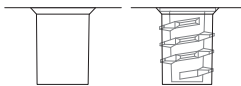

## Rubber Nuts

M6 x 10mm RIH1446  
M8 x 13mm RIH1834  
M6 x 13mm RIH1453  
M6 x 17mm RIH1447  
M6 x 20mm RIH1445  
M8 x 20mm RIH1448

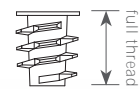

- for further technical information refer to [page 76](#).
- all our rubber nuts have a shoulder on top of the nut, if you need the nut to sit flush to the base, a second countersunk hole will need to be drilled - this will also prevent the nut's shoulder to break off when trying to fasten the nut flush into the wooden base.
- for drilling information, refer to [page 76](#).

a star or spanner can be used to fasten the nut

an allen key is used to fasten the rubber nut into the top

a washer is incorporated in the bolt design

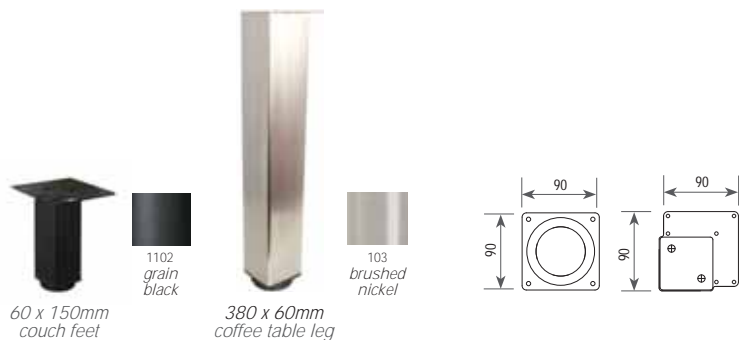

## Made to Order Products (MTO)

We are able to manufacture designs on order, but please bear in mind the following guidelines concerning custom designs:

- designs will have to be approved and may be subject to design change
- minimum order quantities of 100 will apply (MOQ)
- lead times may vary from 4 - 6 weeks

# Bar Consoles

FOR COUNTERTOPS AND TABLE TOPS

## SQUARE BAR CONSOLE

| ITEM 826

*Material* | aluminium

*Size* | 322mm

*Feature* | Side Mounted

*Finish* | 101 - natural anodised | RKW380

## STRAIGHT BAR CONSOLE

| ITEM 814

*Material* | aluminium

*Size* | Ø50 x 200mm

*Finish* | 103 - brushed nickel | RKW293

102 - matt chrome | RKW294

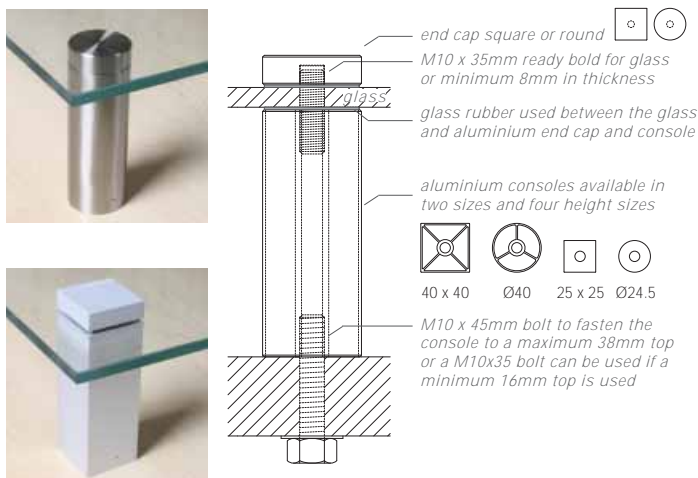

*Space between consoles should not exceed 600mm to carry weight of 15kg.*

# Bar Consols

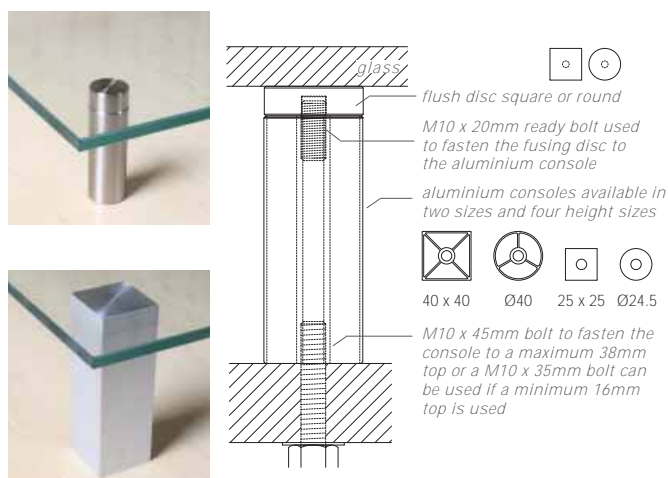

Various combinations are possible to create various applications, when selecting the consol components.  
Aluminium available in natural anodised and stainless steel finish.  
NB! All components are sold separately - you choose and create!

Refer to Raiël Catalogue Volume 7, pages 79-81, for the full range, complete product list and specifications of the Bar Consols.

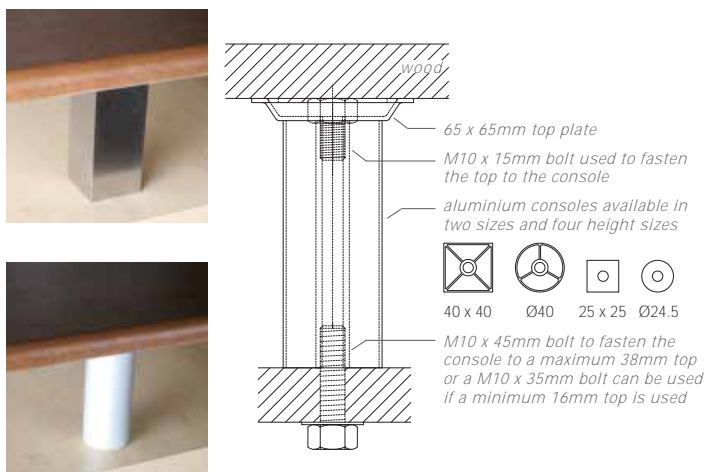

## application 1

A Ø10.5mm hole is drilled through the glass, which is then fastened to the console using a round or square end cap.

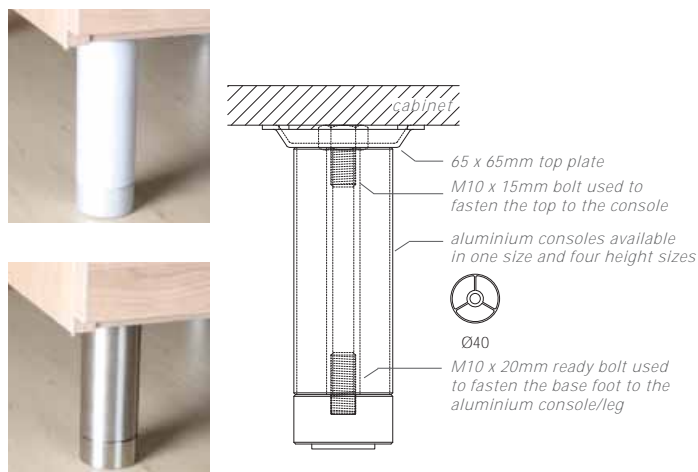

## application 2

A fusing disc is fused to the glass.

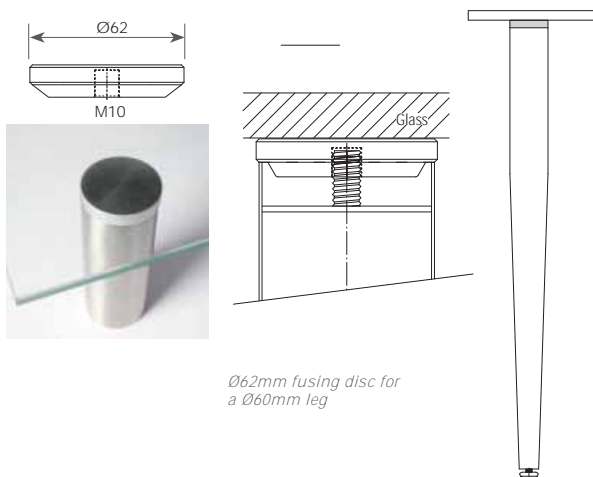

## application 3

The console is fitted to a wooden top.

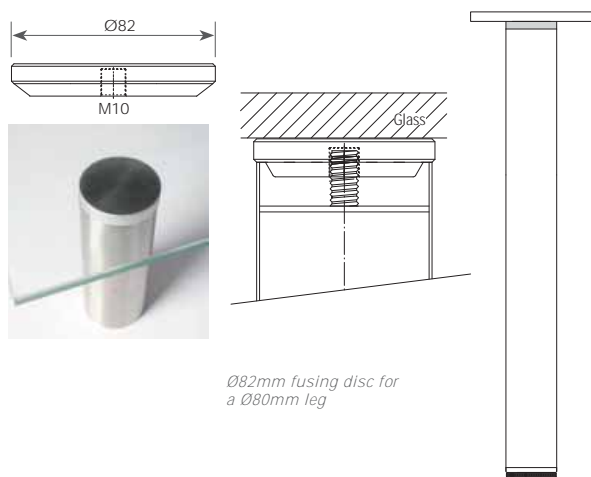

## application 4

The console is fitted as a leg underneath a cabinet.

## application 5

Fusing a Ø60mm leg on a glass top using a Ø62mm fusing disc.

## application 6

Fusing a Ø80mm leg on a glass top using a Ø82mm fusing disc.

# Castors

FOR CABINETS MOVABLE  
FURNITURE & CHAIRS

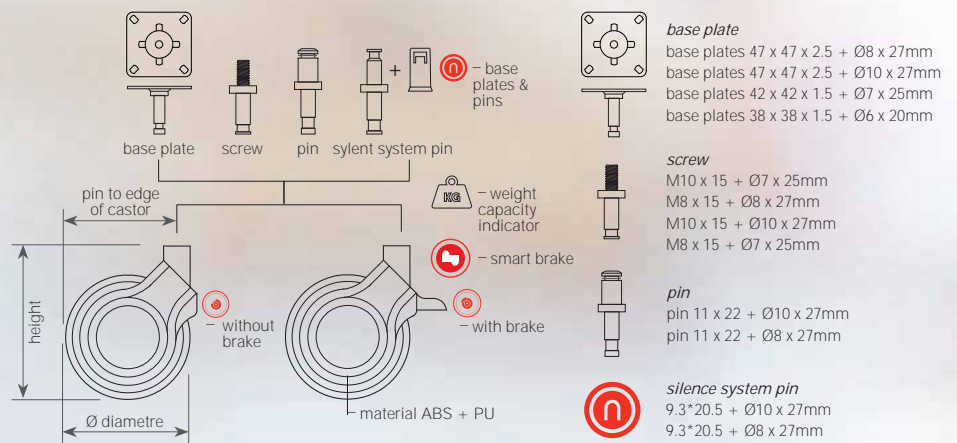

Robby Hardware Products Co was founded in 1992 in Southern China and has a modern factory covering 13.000sqm. We are a professional manufacturer of furniture castors and have a strong reputation for developing new ideas and products. We have 1,500 loyal customers from countries all around the world. All our products comply to the highest quality standards and Robby is audited by TUV to ISO 9110:2015 for the past 10 years. Our investment in the quality department and the procedures we use ensure that our products remain at the highest levels possible.

Just as important to Robby is the development of our products and our Design Manager Jose Vinaroz continually develops cutting edge designs that are very pleasing to look at and designed with strong function in mind. This allows Robby to continually develop our brand to be a leader in our field. Our recent Bola, Frog, Koo, Olym and Laia castors are all examples of us taking new ideas into production castors that are successful and give the company great pride.

This is what makes Robby one of the most famous castor brands in the world.

## HOW THE SYSTEMS WORK

- The Robby series does not only meet the most high quality standards, but with the versatility of this product to choose the necessary types of fixing pins or top plates available, which are indicated with each castor by code.
- Individual castors are available with or without brakes.
- Certain castors also include a \*Smart Brake® with a unique three level locking feature - locked, reverse and free. It can also be provided with the \*Silence System® that blocks out noises while moving the chair and makes the mounting process easier.
- Information on every castor is indicated - height, wheel size, width and the weight capacity.
- Full technical information is available on CD and on Raiel website - [www.raiel.com](http://www.raiel.com)

# Modesty Panels

FOR OFFICE DESKING  
AND WORKSTATIONS

Modesty panels and screens provide a stylish addition to your desk or workstation. They enhance privacy and can be useful for concealing under desk wiring and equipment, without compromising the aesthetic appeal of your office environment. Modesty panels and screens are great for promoting a tidy visual appearance to your workplace and can offer subtle design enhancements to your office.

# Cable Managements

FOR OFFICE DESKING

We are all connected, and while more and more technologies are going wireless, there are still plenty of cables to go around. With so many cables and cords connecting to so many different devices, it doesn't take long before you're being consumed in a sea of tangle wires.

Raiel (Pty)Ltd has cable management products that will take care of all of your needs. Whether you're outfitting the home, office, or industrial facility, we are sure you'll find a solution that fits your application.

# Door Profiles

## ALUMINIUM GLASS DOOR PROFILES & COMPONENTS

Raiël (Pty)Ltd offers a range of aluminium glass door profiles and components. All products are custom made to your specifications and no minimum quantity orders apply. All doors are fully assembled. All doors can be made to order in various profiles and glass finishes, depending on the specified requirements.

- \* Please note a technical information form will need to be completed and lead time from date of order will be confirmed.
- \* We advise, when placing the order, that all lower level doors and handles or knobs, which are fitted directly to the glass, be ordered, with toughened glass to prevent injury.
- \* All profiles can be purchased in lengths and the components Separately for DIY, however, the glass will not be supplied.

Made to Order Products (MTO)

### ORDERING INFORMATION

STEPS TO FOLLOW WHEN ORDERING COMPLETE MADE DOORS:

1. Choose glass type.
2. Indicate if you require the glass to be toughened.
3. Choose Aluminium profile.
4. Indicate - Size of door & handle hole positioning on glass or door frame.
5. Hinges are only supplied with the P1 frames.

ORDERING FORMS CAN BE DOWNLOADED FROM THE RAIËL WEBSITE
